How Will You
Factor It Forward?
Talk With Your Doctor About IXINITY
IXINITY
coagulation factor IX
(recombinant)
FDA Approved for Hemophilia B
IXINITY®, a recombinant factor IX treatment
IXINITY delivers an average incremental recovery of 98%. Higher recovery may allow lower doses.†
IXINITY is a third-generation† factor IX with no inhibitors developed in a clinical study.†
IXINITY has an average 24-hour half-life for peak factor levels when you need them.†
Indications and Important Safety Information
What is IXINITY®?
Important safety information for IXINITY®:
THE POWER OF IX
Together we can
